Essential: optional website management quoted separately. Growth: optional management at $95 per month. WordPress: maintenance contracted according to the package.

Platform, hosting, domain, premium plugins, and payment processing are separate costs, depending on the provider and selected plan.

Each page includes its English and Spanish versions. Timelines begin once all required materials are received. Two rounds of revisions are included.

Maintenance plans require an initial three-month commitment. See the Web Development Terms document for the full terms.
